81	85	88					

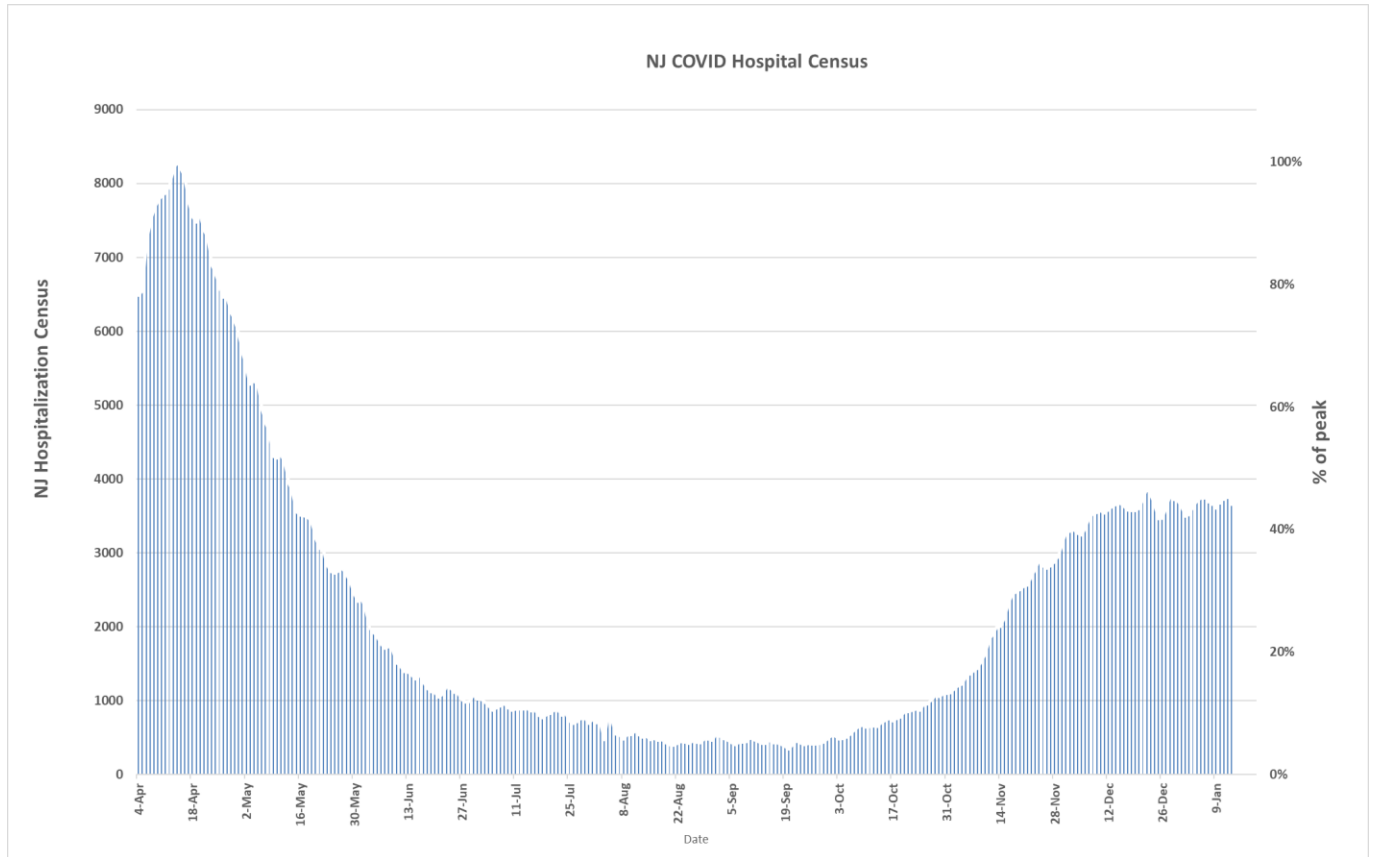

We are on track for January being our most infectious month.

We are at our highest seven day average.

Hospitalizations however have leveled off at about 45% of last spring's peak.

The state has a new, Vaccination overview tab on [https://www.nj.gov/health/cd/topics/covid2019\\_dashboard.shtml](https://www.nj.gov/health/cd/topics/covid2019_dashboard.shtml)

Total Vaccine Doses Administered Current as of 14-Jan-2021 16:38 ET

**300,213**

First Doses Administered

**264,556**

Second Doses Administered

**35,512**

**SOMERSET COUNTY**

**11,683**

This must include all sites, not just the county sites
