

## Cases for 1/27 2021

New cases 15  
Total cases 3894

### Ages

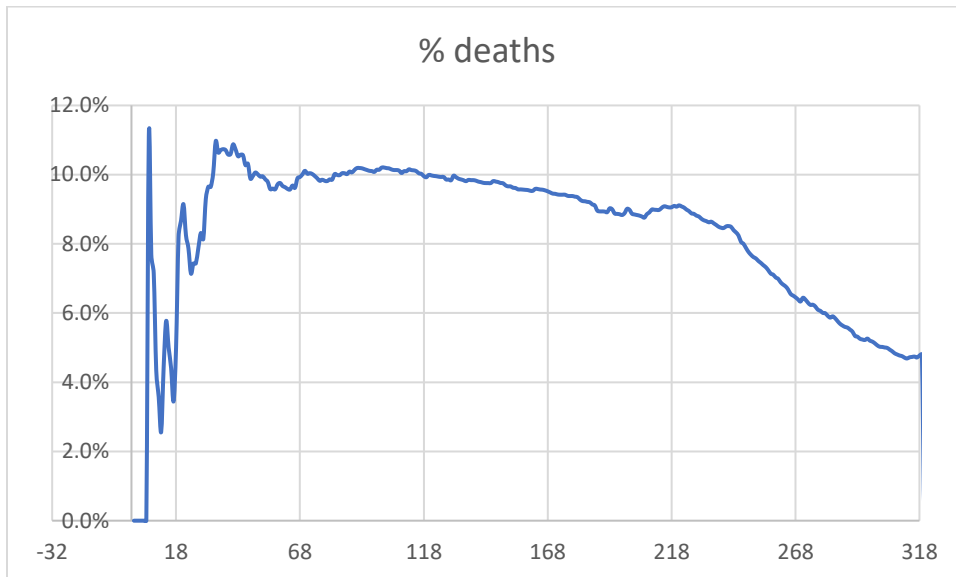

10	13	15
21	22	25
32	38	38
42		
50		
61	64	
85	87	

New deaths 2  
Total deaths 187     Ages 72 75

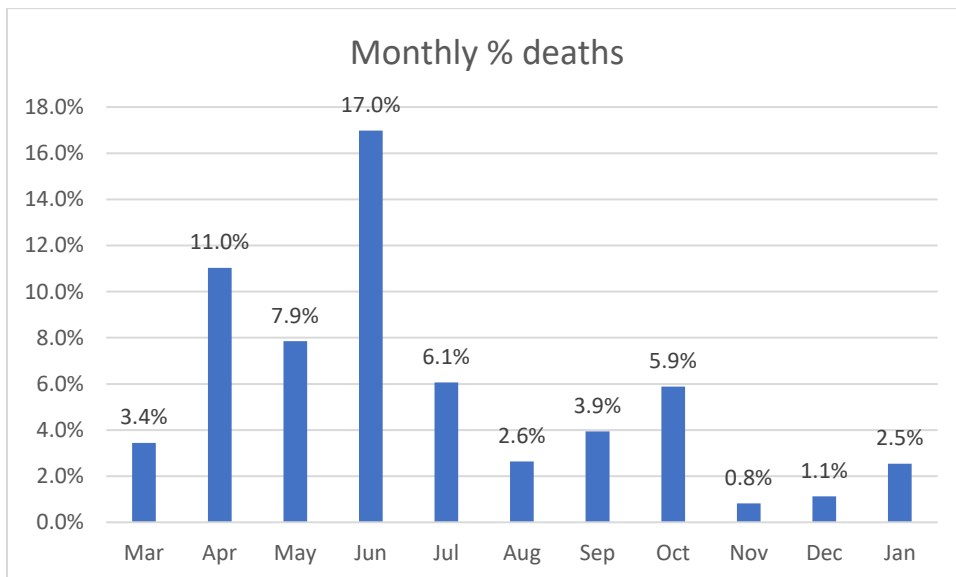

Deaths are picking up a little, but hospitalizations are down.

Here are the % deaths over time. Most of the deaths were early on.

In December the % deaths were  $10/886 = 1.1\%$

Because deaths lag cases and deaths may not be reported recorded for many days after the actual death, take the above with a grain of salt.
